How to find the right career

Happy professional life
How to find the right career
My two cents: for 80% of people

Broaden your options first: sample
My two cents: for 80% of people

Happy professional life

2

Specialize second
Example 1: work in education
Example 2: work in communications / polling / market research
Example 3: work in tech companies
Example 3: work in tech companies

Job 1: product management

Job 2: data scientist
How to explore non-academic careers

1. Talk to a lot of people aged 30-40y about their work to discover new options

2. Test your way to your career: get internships, summer internships, work for a few years. It’s OK if it takes 5 years to know what you really want to do

3. Do NOT go to school again: work
